

SFST Instructor In-Service 2011

The SFST Program will be conducting annual In-Service for all SFST Instructors statewide. This training will be held in conjunction with the DRE In-Service which is scheduled for September 20-21st in Wenatchee. SFST Instructors are specifically requested to attend the training on September 20th which is reserved for SFST/DRE Instructors. This portion of the training is essential for SFST Instructors to maintain their instructor certification and to obtain the latest training updates established by NHTSA.

Each SFST Instructor will receive the appropriate start time from the SFST State Coordinator. Registrations will be accepted and received by the SFST Program office in Seattle at 811 E. Roanoke St, Seattle, WA.98102. SFST Instructors eligible for lodging and meals will be covered through grant funding for the four hour training on the 20th. SFST Instructors are welcome to remain in attendance for the remainder of the DRE In-Service. To do so, they will have to incur the cost of the additional meals and lodging and receive command approval.

SFST Instructors will be receiving the In-Service registration form via e-mail in the near future.

All WSP SFST Instructors must have prior command approval before submitting their training travel request to the SFST Program. The training travel request must be attached to the registration form or the SFST Program will not accept the registration.
